Dear

I am writing in response to your email dated 15<sup>th</sup> May 2018 requesting information under the Freedom of Information Act (2000) regarding non-disclosure agreements.

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 Under the Freedom of Information Act, I am writing to request the following information from your NHS Acute Trust.**

**1. How many non-disclosure agreements have been settled with departing members of your staff over the last five years?**

A1 We are unable to provide some of the information you require in the requested format as to release this data could lead to the identification of the person(s) involved due to the low numbers involved, and would breach the Trusts obligations under the Data Protection Act 1998. Accordingly, this aspect of your request is exempt from disclosure under the terms of Section 40(2) of the Act. *Personal information*. However as the Trust is committed to openness and transparency we can band the numbers, Please see below:

- 2014 = 0
- 2015 = Less than 5
- 2016 = less than 5
- 2017 = 40

**Q2 What is the combined cost of this over the last five years? Please send any available years you have**

A2 Total amount of financial compensation awarded as part of these agreements 2014-2017 inclusive was (£) £761,000.

The 2017/18 figures were part of a voluntary redundancy scheme which was accompanied by a settlement agreement. Specifically, this was a Mutually Agreed Redundancy Scheme (MAR scheme).

A MAR Scheme is a form of voluntary severance, designed to enable individual employees, in agreement with their employer, to choose to leave their employment voluntarily in return for a severance payment. The scheme supports employers by creating job vacancies that can be filled by redeployment of staff from other jobs or as a suitable alternative for those facing redundancy.

MAR schemes follow the principles agreed by the NHS Staff Council and the NHS terms and conditions of service and are approved by the appropriate oversight organisation, NHS Improvement.

It is important to note that confidentiality clauses contained within standard compromise agreements are not “gagging clauses”. Confidentiality clauses are not intended to prohibit a member of staff or former employee from raising a genuine concern about patient safety or other issue. They are included in order to support both parties to move on after a dispute or where sensitive or personal information is involved.

Compromise agreements issued by UHNM are used appropriately and in line with guidance. They aim to ensure disputes are settled whilst maintaining a culture of openness and transparency.

\*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

***UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.***
