Patient Information Leaflet

Welcome to Ward 217

Please speak to a member of staff if you need this leaflet in large print, braille, audio or another language

I will be shown to my bed, this may be with other children or in a room on my own.

Food and Drink

**I will be offered drinks throughout the day
I will be asked what food I would like at breakfast, lunch and dinner time.**

Home

The doctor will let me and my parents know when I can go home.

If you have any comments or suggestions, please ask to speak to the nurse in charge

In the playroom I can do arts and crafts or play with toys.

The nurse will give me medication while I am in hospital.

My blood pressure will be taken whilst I am in hospital

My temperature will be taken using an ear thermometer

The doctors will see me everyday.

Oxygen levels in my blood, will be checked using a plastic clip on my finger.

The teacher from hospital school will complete work with me while I am on the ward.
