Dear

I am writing to acknowledge receipt of your email dated 29<sup>th</sup> November 2021 (received into our office 30<sup>th</sup> November) requesting information under the Freedom of Information Act (2000) regarding Hospital Deaths.

I can neither confirm nor deny whether the information you have requested is held by the Trust in its entirety. This is because the information requested in your questions is not held centrally, but may be recorded in death records. In order to confirm whether this information is held we would therefore have to individually access all death records within the Trust and extract the information where it is present. We therefore estimate that complying with your request is exempt under section 12 of the FOI Act: *cost of compliance is excessive*. The section 12 exemption applies when it is estimated a request will take in excess of 18 hours to complete. We estimate that accessing and reviewing all death records and then extracting relevant information would take longer than the 18 hours allowed for.

In addition to the section 12 exemption the Trust is also applying section 14 (1) exemption: *oppressive burden on the authority*

Under section 16 of the FOI Act we are required to provide requestors with advice and assistance where possible. We would therefore like to advise you that if your request is shortened to just the number of patients who have died in hospital from the 1st September 2020 split by 5 year age groupings we are able to comply within the 18 hour time frame. In order to avoid delay to your response we have provided this attached.

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 Please provide the following information for every patient that died in your hospitals since 1st Sept 2020:**

- 1. Date of death**
- 2. Age (5-year range is fine)**
- 3. Date of first COVID vaccination**
- 4. Death attributed to COVID (Yes/No)**

A1 We do not record on Careflow the vaccination status of a patient. We also do not record the reason why a person died- Section 12 exemption as detailed above, however: Please see spread sheet for the numbers of patients split by date of death and age groupings.

\*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

***UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.***
