I am writing in response to your email dated 22nd January 2020 requesting information under the Freedom of Information Act (2000) regarding vaping related admissions

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 Can you specify how many patients have been admitted by your Trust's A&E department as a result of vaping fluids laced with either cannabis, or derivatives like tetrahydrocannabinol (THC), or Spice and or similar synthetic cannabinoids, in the in each of the last five calendar years.

A1 This information is not held by UHNM

Q2 Can you also specify the total number of patients admitted as a result of vaping standard fluids, e.g. tobacco derivatives?

A2 There is no ICD10 coding for this; therefore we are unable to give numbers for this cohort of patients

Q3 Can you also break this down by gender and the following age brackets?

- Under 16
- Under 18
- Under 25
- 26 and over?

A3 This information is not held by UHNM
