Dear

I am writing to acknowledge receipt of your email dated 14th July 2022 requesting information under the Freedom of Information Act (2000) regarding leaflets.

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 I would like to make a FOI request for a copy of your Paediatric/Child Head Injury Advice Leaflet and/or Concussion Advice Leaflet (both may exist, or just one). This would typically be given out from the Emergency Department following discharge of a child following a head injury.

This is for research purposes, as I am involved in a project examining NHS-wide quality of information contained within these Head Injury leaflets – I have been unable to locate your Trusts leaflet online, or a suitable email contact to ask, hence having to use FOI request.

This is only looking at acute Trusts with an Emergency Department which treats children. If your trust does not have this (mental health, community Trusts etc...) then please accept my apologies and let me know, as this FOI can be disregarded.

Please note – We are only looking at Paediatric Head Injuries.

A1 See attached document- note this is for both UHNM Hospitals

*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.

This letter confirms the completion of this request. A log of this request and a copy of this letter will be held by the Trust.

If you have any queries related to the response provided please in the first instance contact my office.
