Date: 26<sup>th</sup> October 2020

Email [foi@uhnm.nhs.uk](mailto:foi@uhnm.nhs.uk)

Dear

I am writing in response to your email dated 19<sup>th</sup> October 2020 requesting information under the Freedom of Information Act (2000) regarding whipple procedure and liver transplantation

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 I am writing to you under the Freedom of Information Act 2000 to request the following information from University Hospitals of North Midlands NHS Trust, for each hospital within your trust:**

- **Total number of physical beds for each hospital**
- **Number of healthcare professionals in each hospital responsible for carrying out whipple and/or liver transplant procedures**

**The following three parameters regarding whipple procedures (pancreatico duodenectomy) and liver transplantation:**

- **Number of procedures performed in 2019**
- **Number of procedures performed in 2020 so far**
- **Complication rate for 2019 procedures in %**

**Please see the supporting excel file for further details.**

**For clarification, when I am asking for the complication rates of the whipple procedure, I am referring to complications such as leak post operation. The complication I am interested in for liver transplants is the rejection of the implanted liver.**

**A1 Please refer to the attached spread sheet that you supplied.**
