Email foi@uhnm.nhs.uk

Dear

I am writing to acknowledge receipt of your email dated 24th October 2022 requesting information under the Freedom of Information Act (2000) regarding EPRR Human Resources.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 I am conducting a study of the emergency preparedness of NHS Acute Trusts in England. I am using the emergency and disaster management module of the Hospital Safety Index checklist of the World Health Organisation. The study is part of an MSc in Crisis & Disaster Management at the University of Portsmouth.

Under the provisions of the Freedom of Information Act 2000, I am writing to request the following information. This information relates to the NHS England Emergency Preparedness, Resilience and Response Framework in general and section 12, “Incident response”, subsection 7, “Staff welfare”, and subsection 8, “On-call staff”, in particular.

This information should be readily available as part of the NHS EPRR annual assurance process.

Please note that this is a different request from my previous requests: “EPRR Coordination of emergency and disaster management activities”, “EPRR Planning” and “EPRR Communication and information management”.

For clarity, to minimise the cost of my request and to prevent the disclosure of any sensitive information, I have enumerated the information I am requesting and specified how it could be provided.

Please note that much of the information requested is only records of the existence of a list, procedures, rosters, training, exercises, spaces and measures and not the contents of the list, procedures, rosters, training, exercises spaces and measures themselves.

Given the potentially sensitive nature of this information, I ask you to redact any exempt information instead of refusing disclosure. This would be in accordance with guidance on best practice from the Information Commissioner's Office.

If you do not hold some of this information then I ask you to confirm explicitly that you do not hold it.

Human resources

Staff contact list

1. Any record of the existence of a current contact list of all hospital personnel which is available and is accessible to hospital administrators and staff of any Incident Coordination Centre. (Can be answered yes / no.)

A1 Yes we have a list in accordance with the EPRR Framework (2022) that stipulates the ability to respond 24/7 with a command structure utilising on-call, pager and notification .

This is shared with regional ICB and NHSE EPRR leads

Q2 The date(s) of the most recent update(s) of such a contact list. (Can be answered with a date or dates.)

A2 Bi-annually or when new members of staff join the command structure / leave the command structure

Mobilization and recruitment of personnel during an emergency or disaster

Mobilization is facilitated through the on-call process, inform cast and cascade procedures notifying all personnel with a designated role to attend

Q3 Mobilization and recruitment of personnel during an emergency or disaster

Any record of the existence of procedure(s) for the mobilization of existing on-duty and off-duty staff to meet surge capacity needs of clinical and support services in response to emergencies or disasters. (Can be answered yes / no.)

A3 As stated above we are answering yes to this

Q4 Any record of the existence of procedure(s) for recruitment and training of extra personnel and volunteers to meet surge capacity needs of clinical and support services in response to emergencies or disasters. (Can be answered yes / no.)
