Dear

I am writing to acknowledge receipt of your email dated 31st January 2022 requesting information under the Freedom of Information Act (2000) regarding skin cancer.

**The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.**

**However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.**

**We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.**

**The Information Commissioners Office has recognised the current situation in the NHS.**

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 I am writing to you as NHS England have identified your NHS Trust as a specialist skin cancer centre. We are a digital healthcare agency looking to produce a map of the CTCL (cutaneous T cell lymphoma) treatment centres in the UK.**

**To help with this, please could you provide the following?**

- **Which centre/s in your NHS Trust offer treatment for CTCL, if any**

**A1 We do not offer treatment for this as usually we would refer all such patients to the Christie Hospital as a Tertiary specialist centre.**

**Q2 The type of CTCL treatment these centres offer (TSEB or ECP)**

**A2 As answer 1**

**Q3 A contact phone number for referrals for each centre**

A3 01782 674283, however, we do not offer these treatments at these sites and would refer to the Christie Hospital.
