Dear

I am writing to acknowledge receipt of your email dated 22nd July requesting information under the Freedom of Information Act (2000) regarding Axial SpA Services.

Under section 8(1) of the FOI Act, requestors are required to provide a full name in order to make a request valid. The Information Commissioner states that a "title and/or first name with surname satisfies the requirement for provision of a real name, as does the use by a female applicant of her maiden name". Therefore, in order to proceed with your request can you please supply us with a valid name?

Note: we required a named contact as an individual contact for any queries we might have, to ensure no delays in responding

On 25th July 2022 you sent the request in again with your name

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 NB Throughout this Freedom of Information request we will refer to axial SpA to cover the whole spectrum of axial spondyloarthritis including ankylosing spondylitis.

In 2019 the All Party Parliamentary Group (APPG) for Axial Spondyloarthritis conducted a national inquiry to map the state of play for axial SpA services in England, measured against the National Institute for Health and Care Excellence Guideline for Spondyloarthritis NG65.

We are now repeating this inquiry to help us understand the current national picture. We will present the findings at a parliamentary event in the Autumn along with a series of recommendations which we will also publish as a report. We will not be using the results to name and shame any individual Trust.

A1 This request is not applicable as UHNM does not treat rheumatology patients.

Midlands Partnership NHS Foundation Trust may hold this information and they can be contacted at the following email: foi@mpft.nhs.uk

*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.
