Dear

I am writing in response to your email dated 29<sup>th</sup> July 2020 requesting information under the Freedom of Information Act (2000) regarding ovarian hyper stimulation syndrome

On our acknowledgment we added the following statement:

**The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.**

**However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.**

**We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.**

**The Information Commissioners Office has recognised the current situation in the NHS.**

On 30<sup>th</sup> July 2020 we contacted you via email as we required the following clarification:

Q1 what do you mean by "reported"?

Q2 what do you mean by "statistics" and "hospitalised".

On the same day you replied via email with the following:

*"By 'reported' I mean recorded on your systems of each individual case of OHSS that were admitted.*

*'Hospitalised' I mean admitted to hospital due to OHSS.*

*'Statistics' I mean numbers of people"*

I can neither confirm nor deny whether the information you have requested is held by the Trust in its entirety. This is because the Trust does not record the reason for admission on our system -Medway. The information requested in your questions may be recorded in individual health records. In order to confirm whether this information is held we would therefore have to individually access all individual health records within the Trust and extract the information where it is present. We therefore estimate that complying with your request is exempt under section 12 of the FOI Act: *cost of compliance is*

excessive. The section 12 exemption applies when it is estimated a request will take in excess of 18 hours to complete. We estimate that accessing and reviewing all individual health records and then extracting relevant information would take longer than the 18 hours allowed for.

In addition to the section 12 exemption the Trust is also applying section 14 (1) exemption: *oppressive burden on the authority*

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 I am writing to request information under the Freedom of Information Act 2000.**

**Please could I have a breakdown of Ovarian Hyper stimulation Syndrome cases reported to you annually since 2015?**

**To be specific:**

- 2015
- 2016
- 2017
- 2018
- 2019
- 2020 (up until present).

A1 Section 12 and 14 exemptions as detailed above

**Q2 Please can I also have the statistics on how many cases were hospitalised each year in the same format:**

- 2015
- 2016
- 2017
- 2018
- 2019
- 2020.

A2 As answer 1
