Dear

I am writing in response to your email dated 31<sup>st</sup> March 2021 requesting information under the Freedom of Information Act (2000) regarding Covid-19

On our acknowledgment we advised you that all responses are in PDF attachments

***The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.***

***However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.***

***We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.***

***The Information Commissioners Office has recognised the current situation in the NHS***

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 Talking about space that might have been taken up such as general operating theatres and also intensive care units and wards, how many rooms at Royal Stoke Hospital are now entirely full of Covid patients?**

**Please let me know preferably either without using an attachment or by PDF attachment.**

**A1 Royal Stoke has one ward allocated to Covid19 patients currently and one bay in critical care. County Hospital has a side bay on Ward 14.**
