Dear

I am writing to acknowledge receipt of your email dated 19th April 2021 (received into our office 20th April) requesting information under the Freedom of Information Act (2000) regarding waiting lists

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 How many patients have been removed from your Trust's waiting lists for hospital treatment because they have died? Please provide information for 2018, 2019, 2020 and first quarter of 2021. Could this please include both inpatient and outpatient cases

A1 Please see below:

Unique number of patients removed from either an elective waiting list or from a closed referral with a reason of Patient Died. Note: This relates to all patients who died prior to being admitted to hospital and were removed from the waiting list. It is not related to in hospital deaths.

Year	Number Removed
2018	5084
2019	5330
2020	6244
2021	1857
