Dear

I am writing to acknowledge receipt of your email dated 8th June 2022 requesting information under the Freedom of Information Act (2000) regarding HIMMS EMRAM.

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 Which HIMMS EMRAM level has your Trust currently achieved (0-7):

When was this level achieved?

If your Trust is working towards achieving a new HIMMS EMRAM level, what level is this and when will it be achieved:

Definition: EMRAM is an eight-stage model, scored from stages zero (least mature) to seven (most mature). At each stage, organisations need to demonstrate a progressive and eventual removal of paper, higher pervasiveness of use and compliance statistics, and an increasing reliance on automation and clinical decision support.

A1 I can confirm that the Trust holds information regarding this request, but feel this information is exempt under section 21: *information reasonably accessible by other means*. This is because the information is available via the Trust's public website at the following link:
