Dear

I am writing in response to your email dated 6th April 2020 requesting information under the Freedom of Information Act (2000) regarding Atopic Dermatitis.

On our acknowledgment we added the following statement:

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the current situation in the NHS.

I can neither confirm nor deny whether the information you have requested is held by the Trust in its entirety. This is because the information requested in your questions is not held centrally, but may be recorded in individual health records. In order to confirm whether this information is held we would therefore have to individually access all individual health records within the Trust and extract the information where it is present. We therefore estimate that complying with your request is exempt under section 12 of the FOI Act: *cost of compliance is excessive*. The section 12 exemption applies when it is estimated a request will take in excess of 18 hours to complete. We estimate that accessing and reviewing all individual health records and then extracting relevant information would take longer than the 18 hours allowed for.

In addition to the section 12 exemption the Trust is also applying section 14 (1) exemption: *oppressive burden on the authority*

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 I am writing to you today to request information relating to dermatology treatments at your Trust.

1. In the last 4 months, how many patients with atopic dermatitis have you treated with the following treatments? If you are unable to breakdown or report by condition then please provide numbers of patients treated with the listed drug regardless of indication or condition.

- Dupixent (aka Dupilumab)
- Rinvoq (aka upadacitinib)
- Methotrexate
- Ciclosporin
- Azathioprine
- Mycophenolate mofetil
- Tacrolimus
- Pimecrolimus
- Acitretin
- Alitretinoin
- Ultraviolet light therapy

A1 Section 12 and 14 exemptions as detailed above

Q2 How many adult atopic dermatitis patients have been treated in the last four months?

A2 As answer 1

Q3 How many paediatric atopic dermatitis patients have been treated in the last four months?

You will see in the request above that I am happy to take overall usage of drugs regardless of condition if unable to link condition to drug use. Similarly, if the Trusts reporting method is by volume, stock etc. then I am happy to take that information as well if unable to give patient numbers. Just please indicate in the response (which Trusts do anyway as standard) what the data being returned is in relation to if deviating from the original request in any way.

I am personally extremely aware of the current pressures being put upon the NHS at this time and if there are going to be any delays or issues in getting the information then this is not a problem and wholly understandable. I would ask that you let me know and that way I can make sure the trust isn't chased once the statutory 20 day limit is exceeded in relation to this FOI request. Similarly, if local Trust policy regarding FOIs has changed due to the ongoing Covid-19 pandemic then please again let me know and I can update my records.

A3 As answer 1
