# Join the UHNM Family

University Hospitals of North Midlands NHS Trust is one of the largest and most modern in the country. We serve around three million people and we're highly regarded for our facilities, teaching and research.

The Trust has around 1,450 inpatient beds across two sites in Stoke-on-Trent and Stafford. Our 11,000 strong workforce provide emergency treatment, planned operations and medical care from Royal Stoke University Hospital and County Hospital in Stafford.

We are a specialist Major Trauma Centre for the North Midlands and North Wales. Happy staff make for happy patients, and with the help of both we have put together a wide range of development and support packages aimed at ensuring that everyone. The Trust has the opportunity to fulfil their potential and meet their aspirations as well as the tools to provide great care.

Our mission to provide the very best health care includes recruiting the best people. Our goal is to be a world-class centre of achievement, where patients receive the highest standards of care and the best people come to learn, work and research.

The Trust also has a vibrant charity arm, UHNM Charity, which provides funds to enable University Hospitals of North Midlands NHS Trust to purchase state-of-the-art medical equipment and to enhance and improve patient experience and comfort.

Many of our staff are passionate about the service they provide and want to be part of something special. You can find out more about how our staff and patients are helping to improve the health, comfort and hospital experience of local people every day at [www.uhnmcharity.org.uk](http://www.uhnmcharity.org.uk)

# Values & Promises

We have four core values and promises that were co-created by our staff, patients and carers.

## Together

- We are a Team – I will be considerate, help others to achieve our goals and support others to make positive changes
- We are Appreciative – I will acknowledge and thank people for their efforts and contributions
- We are Inclusive – I will be open and honest, welcome people's views and opinions and involve people in decisions that affect them

## Compassion

- We are Supportive – I will be empathetic and reassuring. I will support and encourage people when they need it
- We are Respectful – I will treat people fairly, with respect and dignity, protect their privacy and help them to feel comfortable
- We are Friendly – I will be welcoming and approachable. I will make eye contact, say hello and introduce myself #hellomyname is

## Safe

- We Communicate Well – I will explain clearly, share relevant and timely information and keep people updated
- We are Organised – I will plan ahead, manage my time well and be prompt in what I do
- We Speak Up – I will contribute to ensuring healthy and constructive feedback for all so we can feel safe to challenge inappropriate care and behaviour and promote our values

## Improving

- We Listen – I will welcome people's views and ideas, invite people to ask questions and share their opinions and respond to what I hear
- We Learn – I will share best practice, celebrate good performance and support others to use their skills, learn and grow
- We Take Responsibility – I will have a positive attitude, act and encourage people to take the initiative and make improvements

**Division: Central Functions**

**Job Title: Data, Security & Protection Officer (Records Management)**

**Band: 4**

**Location: IM&T Department, RSUH**

**Hours: 37.5 hours per week (Monday – Friday)**

**Managerially accountable to: Data, Security & Protection Manager**

**Professionally accountable to: Head of Data, Security & Protection/ Data Protection Officer**

**Role Summary**

To support the Data, Security and Protection (DSP) Manager in the co-ordination and delivery of DSP across the Trust. This post will primarily focus on, but is not limited to compliance with the Freedom of Information (FOI) Act, Environmental Information Regulations (EIR), Personal Data Requests (PDRs) and Records Management:

- To provide advice and assistance to those wishing to make requests and also to staff providing information to respond to requests. The post holder will ensure requests are acknowledged, recorded, collated, and completed, prior to review by the DSP Manager, in order to meet legal deadlines.

To provide a comprehensive and confidential administrative service. This will include diary management, scheduling clinicians to attend meetings where appropriate, arranging and preparing papers for meetings and taking comprehensive minutes/ notes to the meeting.

To be a point of contact for DSP, providing support and advice, where appropriate.

To support the DSP team with the management of advisory/ audit visits. To include the administration, co-ordination and collation of required information.

Produce material to communicate messages across the Trust, via flyers, newsletters and other appropriate media, in relation to asset management.

To support the DSP team with the management of adverse incidents/ complaints ensuring timely completion of investigations and implementation of actions.

Support the DSP Team with the administration, co-ordination and undertaking of assessments.

To ensure the DSP website, reflects latest guidance/ information in relation to records management

## **Key Areas/Tasks**

To have a good working knowledge of the Data, Security and Protection Toolkit ensuring knowledge is in line with latest guidance.

To have a good working knowledge of the Freedom of Information (FOI) Act, Environmental Information Regulations (EIR) and Personal Data Requests (PDRs); ensuring knowledge is in line with latest guidance.

To have a good working knowledge of Data, Security & Protection and records management ensuring knowledge is in line with latest guidance.

To be responsible for coordinating the FOI/ EIR and PDR function effectively to provide a high quality and responsive service; ensuring requests received by the Trust are acknowledged, recorded, collated, and completed prior to review by the DSP Manager, in order to meet legal deadlines. To maintain databases, ensuring recommendations have been implemented, producing reports and identifying areas for improvement.

To act as Information Asset Administrator, where required to include; maintaining the information system, ensuring content is accurate, access management is up to date and reports produced to support implementation of the DSP portfolio. To support the DSP Manager with training and production and amendment of standard operating procedures.

To take account of national and local policies and guidelines in the execution of a project.

Liaise with staff of all levels in order to gather relevant information, as well as with external third parties as necessary to ensure FOI/ EIR and PDR responses are timely, accurate, and relevant. Establish and build on good relationships with staff, around the Trust.

Consult with the DSP Manager over complex requests, including use of exemptions, and any complaints resulting from an FOI request. Understand the appropriate implementation of FOI exemptions.

To ensure communication channels are used appropriately to facilitate the flow of information between relevant parties.

To be a point of contact within the DSP Team. Provide staff and service users with DSP advice and understand the Trust's responsibilities.

Liaise with the Trust communications department as necessary to assist in updating the Trust's intranet and reflect changes locally or nationally.

Support the DSP Manager with the records management programme. This will involve the coordination of the audit timetable, liaising with corporate records champions to ensure completion of the assessment. Maintain a register of these assessments, supporting the DSP Manager in the completion of the reports and assessment ratings. Liaise with the corporate records champions to ensure recommendations are actioned and escalate areas of concern to the DSP Manager. Provide advice to staff to support them in meeting their responsibilities for the management of corporate records.

To provide assistance to the DSP Manager with the records management portfolio, where required.

To support the DSP Team in the co-ordination and administration of evidence in preparation for visits/ inspections/ assessments; working with clinical teams to ensure evidence is submitted in a timely manner.

To support the DSP team with the management of advisory/ audit visits, spot check visits and service reviews. To include the administration, co-ordination and collation of required information.

To liaise with all staff groups to ensure evidence submitted meets the requirements for external DSP accreditations, inspections and reviews.

To participate as a member of the DSP review team, visiting a number of areas across both sites.

To liaise with policy/ procedure leads to ensure that documentation, that supports asset management/ service provision is reviewed and approved appropriately.

Continually assess the latest procedures with a view to advising departmental leads on updates and improvements to working practices.

To work within departmental procedures, where work is checked on a regular basis.

To develop local procedures to support management of the DSP portfolio.

To comment on proposed changes to the local procedures and working practices to take advantage of opportunities for improvement.

Responsible for adherence and implementation of developed DSP policy and procedures.

To manage and co-ordinate records management documentation, ensuring all documentation is up to date.

To ensure the DSP intranet page reflects up to date information, in relation to post holder's portfolio.

Produce material to communicate messages across the Trust, via flyers, newsletters and other appropriate media.

To provide a comprehensive and confidential administrative service. This will include diary management, scheduling clinicians to attend meetings where appropriate, arranging and preparing papers for meetings and taking comprehensive minutes/ notes to the meeting.

To co-ordinate records management training, ensuring the training syllabus is updated on a yearly basis, the training register is accurate, information is uploaded to the Trust's ESR system and training material is available where required.

To support the DSP team with the management of adverse incidents ensuring timely completion of investigations and implementation of actions.

To implement and manage databases, to support timely collation and analysis of information. Monitor and seek assurance that actions have been implemented.

To manipulate and analyse data, utilising business intelligence/performance management software systems and Excel

To produce reports which identify key trends and identify areas for improvement.

To provide a high level of service at all times to the general public, patients and colleagues by providing administrative support to the DSP Team to facilitate the delivery of a robust DSP management system.

The post requires IT skills, including experience in using Microsoft Excel.

This post requires advanced keyboard skills, as both speed and accuracy are important.

The post holder will be required to sit at a desk/screen for long periods of time. There is a requirement to use DSE equipment for most of the working day.

Able to act independently & show initiative, but within guidelines, within a changing and demanding environment.

Be proactive in developing and updating administrative procedures to ensure the smooth running of the department.

Able to work under pressure and meet deadlines.

To remain confident and calm under pressure, in order to propose solutions to complex or controversial problems.

Undertake light physical effort such as sitting, standing and walking.

The post holder will be regularly required to concentrate for investigating and analysing complex information, data and policies whilst managing conflicting priorities requiring immediate response.

Concentration will be required when inputting data and producing reports.

Concentration will be required for checking documents.

Concentration will be required for writing reports which require prolonged concentration.

Concentration required for analysis of information and production of statistics. Use of multiple databases required, in which to source information.

To escalate possible contentious/distressing disclosures, from patients, the public or staff.

The post holder may be required to work in a variety of areas across the hospital sites.

Maintain personal and professional development to meet the changing demands of the post and participate in appropriate training activities.

To ensure that all duties are carried out to the highest standard, and in accordance with current quality initiatives within the work area.

To organise and prioritise own workload in conjunction with guidance from the DSP Manager.

Able to plan and organise a number of activities and continually reprioritise to meet changing deadlines and in response to unforeseen problems or events.

To have knowledge of a range of work procedures and practices, the majority of which will be non-routine requiring intermediate level theoretical knowledge e.g. Higher National Certificate, Diploma level or equivalent experience.

Some experience of working in an acute Trust

To have some experience of records management in the field of DSP.

## Personal/Professional Development

- To take every reasonable opportunity to maintain and improve your professional knowledge and competence
- To participate in personal objective setting and review, including the creation of a personal development plan and the Trust's appraisal process.

## Health and Safety

- To take reasonable care for your own Health and Safety and that of any other person who may be affected by your acts or omissions at work.
- To co-operate with University Hospitals of North Midlands (NHS) Trust in ensuring that statutory regulations, codes of practice, local policies and departmental health and safety rules are adhered to.
- To comply and adhere to individual and role specific responsibilities as stated in the Trust Health and Safety Policy (HS01) and all other Health and Safety related policies.

## Equality and Diversity

UHNM is committed to the implementation of the Equality, Diversity and Inclusion Policy Which ensures equal opportunities for all. UHNM is also committed to embracing diversity and eliminating discrimination in both its role as an employer and as a provider of services. It aims to create a culture that respects and values each other's differences, promotes dignity, equality and diversity and encourages individuals to develop and maximise their potential. All staff are required to observe this policy in their behaviour to other workers and patients/service users

## Infection Prevention

Infection Prevention is the obligation of every employee both clinical and non-clinical at the University Hospitals North Midlands NHS Trust. Driving down healthcare associated infection is everyone's responsibility and all staff are required to adhere to the Trust's Infection Prevention policy

All staff employed by the UHNM Trust have the following responsibilities:

### Trust Dress Code

- Trust approved uniform/dress code must be adhered to
- When in clinical areas **all** staff must be bare below the elbow, without wrist watches, stoned rings, wrist jewellery, false nails, nail polish or plaster casts
- No personal bags to be worn during clinical duties

### Hand Hygiene

- Decontaminate your hands as the per 'The five moments of hand hygiene'

### **Own Practice**

- Lead by example
- Encourage and praise good practice
- Be prepared to accept advice about your own practice

### **Decontamination**

- Ensure that equipment you have been using or about to use has been decontaminated effectively
- Ensure that you are aware of the Trust approved cleaning products, and follow a safe system of works

### **Trust Policies**

- Ensure that you know and strictly follow relevant Infection Prevention policies for your role and apply standard precautions at all times, which is available in the Infection Prevention Manual on the UHNM intranet

## **Data Protection Act, General Data Protection Regulation (GDPR) and the NHS Code of Confidentiality**

All staff are responsible for ensuring they are familiar with and adhere to the Trust's policies, procedures and guidelines with regards to the Data Protection Act, General Data Protection Regulation (GDPR) and the NHS Code of Confidentiality. This includes confidentiality, information security, cyber security, secondary use and management of records.

Staff have a responsibility in protecting the "rights and freedom" of natural persons (i.e. live individuals) and to ensure that personal data is not processed without their knowledge, and, wherever possible, that it is processed with their consent. Processing includes holding, obtaining, recording, using and disclosing of information and applies to all forms of media, including paper and images. It applies to both patient and staff information

Hence staff must ensure confidentiality is maintained at all times, data is recorded accurately and you only access this information as part of your job role

## **Safeguarding Children, Young People and Adults with care and support needs**

All staff are responsible for ensuring that they are familiar with and adhere to the Trusts Safeguarding Children and Adults policies, procedures and guidelines. All health professionals who come into contact with children, parents, adults with care and support needs and carers in the course of their work have a responsibility to safeguard and promote their welfare as directed by the Children Acts 1989/2004 and the Care Act 2014. Health professionals also have a responsibility even when the health professional does not work directly with a child or adult with care and support needs but may be seeing their parent, carer or other significant adult.

All staff are required to attend safeguarding awareness training and undertake any additional training in relation to safeguarding relevant to their role

This job description is not intended to be an exhaustive list and may be subject to change from time to time. All documents referred to throughout this Job Description can be found on the Trust's intranet, or alternatively copies can be obtained from the Human Resources Directorate

## Sustainability

Sustainability and Corporate Social Responsibility are fundamental to the way the University Hospitals of North Midlands NHS Trust (UHNM) work. The Trust has developed a Sustainable Development Management Plan (SDMP): 'Our 2020 Vision: Our Sustainable Future' with a vision to become the most sustainable NHS Trust by 2020. In order to achieve this, we need the support of all staff. As a member of staff, it is your responsibility to minimise the Trust's environmental impact and to ensure that Trust resources are used efficiently with minimum wastage throughout daily activities. This will include minimising waste production through printing and photocopying less, reducing water waste and when waste is produced, it is your responsibility to segregate all clinical waste correctly and recycle. Switch off lights and equipment when not in use, report all faults and heating / cooling concerns promptly to the Estates Helpdesk and where possible minimise business travel. Where the role includes the ordering and use of supplies or equipment the post holder will consider the environmental impact of purchases.

*SWITCH to a Sustainable UHNM* is a campaign that focuses on the sustainability of the Trust and how we can use resources more effectively to provide better patient care, improve our health and work place. SWITCH is looking to recruit as many Champions as possible to help to bring the campaign to colleagues in their departments / wards and bring SWITCH to life. If you are interested in becoming a SWITCH Champion please contact [switch@uhns.nhs.uk](mailto:switch@uhns.nhs.uk)

## Disruptive Incident & Business Continuity

The Trust needs to be able to plan for, and respond to a wide range of incidents and emergencies that could affect health or patient care. These could be anything from severe weather to an infectious disease outbreak or a major transport accident.

All staff are required to have an awareness of the Trust's business continuity arrangements, as a minimum. All staff will be required to;

- To know how to identify a business continuity incident and the method for reporting;
- To have an awareness of local business continuity arrangements;
- To participate in awareness, training and exercises, as required;

In the event of a disruptive incident, all Trust employees will be required to attend work if they are fit and well and able to do so in line with a Trust risk assessment. Those who are clinically qualified will be required to work flexibly across the Trust to meet the service need in clinical areas. This will include front line clinical staff who will be expected to cover

alternative duties as and when required in order to ensure that all essential services are maintained.
