Dear

I am writing in response to your email dated 23rd March 2021 requesting information under the Freedom of Information Act (2000) regarding people employed

***The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.***

***However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.***

***We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.***

***The Information Commissioners Office has recognised the current situation in the NHS***

On 24<sup>th</sup> March 2021 we contacted you via email as we required clarification on what you meant by "seen" on Q4

On 25<sup>th</sup> March 2021 you replied via email with:  
*"Apologies for not making the initial request clear, hope the following makes it clearer.*

*By "seen", I mean; for how many patients, were they the 'responsible clinician'? This is normally recorded when the clinician assigns their name to the patient in the 'Clinician' field in Medway."*

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 1) In total, how many people are employed as advanced non-medical practitioners (ANPs, ACPs etc.), in the Royal Stoke ED (Not Stafford). Please do not include those who work within the ED on behalf of other services such as frailty, stroke etc. Also please do not include non-advanced practitioners (ENPs, ECPs, PA's etc.) in these figures.**

A1 Refer to answer 3

**Q2 What does this equate to, in FTE terms?**

A2 Refer to answer 3

**Q3 How many are employed on each agenda for change banding tier?**

A3 See below: Data is as at 28/02/2021

AFC Pay Band	Headcount	FTE
Review Body Band 8 - Range A	15	13.46
Review Body Band 8 - Range B	1	1
<b>Grand Total</b>	<b>16</b>	<b>14.46</b>

**Q4 In total, how many patients have been 'seen' by those practitioners, between the 1<sup>st</sup> March 2020, and the 1<sup>st</sup> March 2021? If this time period isn't yet available for reporting, I would be grateful to receive the most recent annual, six monthly or quarterly figures that are available.**

A4 Using the information supplied by the ED department on how to identify an ANP, for the time period requested (1st March 2020 – 1st March 2021) there was identified 5629 patients that have been “seen” by an ANP.

\*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

***UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.***
