Dear

I am writing to acknowledge receipt of your email dated 31st August 2022 (received into our office 31st August) requesting information under the Freedom of Information Act (2000) regarding Medications used in Total Joint Replacement.

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 I would like to know more about the medications used during the course of total hip and knee replacement surgery by your Orthopaedic & Anaesthetic teams.

Please can you complete the attached proforma to provide information regarding your Trust's current policies/protocols for this type of surgery? Alternatively if your Trust has a specific guideline or policy that answers the questions listed then I am happy for you to provide a copy/excerpt from that instead.
