Dear

I am writing in response to an email received in our office from a Patient Experience Adviser dated 15<sup>th</sup> July 2020 requesting information under the Freedom of Information Act (2000) regarding Covid-19 infections on named wards.

On our acknowledgment we added the following statement:

**The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.**

**However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.**

**We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.**

**The Information Commissioners Office has recognised the current situation in the NHS.**

As of 1<sup>st</sup> November 2014 University Hospitals of North Midlands NHS Trust (UHM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

**Q1 Can we please confirm whether or not there were any patients or staff on the ward at the relevant time that has been found to have Covid-19”.**

- ED 8/9 April 2020
- Ward 112 9-14 April 2020
- Ward 232 14 April 2020
- Ward 113 16-18 April 2020

A1 Please see below: please note that where we have responded with a “positive” that these wards were coded red so patients would have been moved there after testing positive elsewhere

		Patients	Staffing
ED	8/9 April 2020	Yes	None
Ward 112	9-14 April 2020	Yes	None
Ward 232	14 April 2020	No	None
Ward 113	16-18 April 2020	No	None
