Dear

I am writing in response to your email dated 13th July 2020 (received into our office 14th July) requesting information under the Freedom of Information Act (2000) regarding atopic dermatitis

On our acknowledgment we added the following statement:

The University Hospitals of North Midlands Trust is committed to the Freedom of Information Act 2000.

However, the NHS is facing unprecedented challenges relating to the coronavirus (COVID-19) pandemic at the current time. Understandably, our resources have been diverted to support our front-line colleagues who are working tremendously hard to provide care for our patients, and to those in need of our services.

We strive to be transparent and to work with an open culture. But at this time, whilst care of our patients and the safety of our staff takes precedent, it is likely that responses to some requests for information will be delayed. We apologise for this position in advance, and will endeavour to provide you with as much information as we can, as soon as we are able.

The Information Commissioners Office has recognised the current situation in the NHS.

I can neither confirm nor deny whether the information you have requested is held by the Trust in its entirety. This is because the information requested in question 2 is not held centrally, but may be recorded in individual health records. In order to confirm whether this information is held we would therefore have to individually access all individual health records within the Trust and extract the information where it is present. We therefore estimate that complying with your request is exempt under section 12 of the FOI Act: *cost of compliance is excessive*. The section 12 exemption applies when it is estimated a request will take in excess of 18 hours to complete. We estimate that accessing and reviewing all individual health records and then extracting relevant information would take longer than the 18 hours allowed for.

In addition to the section 12 exemption the Trust is also applying section 14 (1) exemption: oppressive burden on the authority

Under section 16 of the FOI Act we are required to provide requestors with advice and assistance where possible. We would therefore like to advise you that if your request is shortened to just the questions that we are able to comply within the 18 hour time frame. In order to avoid delay to your response we have provided this below.

As of 1st November 2014 University Hospitals of North Midlands NHS Trust (UHNM) manages two hospital sites – Royal Stoke University Hospital, and County Hospital (Stafford). Therefore the response below is for the two sites combined from that date where appropriate.

Q1 I am conducting some research into the treatment of Atopic Dermatitis in the UK, and how this compares with other countries in Europe. I would really appreciate if you could answer two questions.

First, could you tell me how many Atopic Dermatitis patients have been treated by your Trust in the latest four months that you have data available for, and how many of these patients were paediatric versus adult?

A1 Information held, this condition is treated in an outpatient setting and is not clinically coded

Q2 Second, for all Atopic Dermatitis patients (adult plus paediatric) treated by your Trust in the latest four months, could you please provide the number of patients treated with each of the following:

- High Potency topical steroids
- Ultraviolet light therapy
- Azathioprine
- Ciclosporin
- Methotrexate
- Mycophenolate mofetil
- Acitretin
- Alitretinoin
- Dupilumab
- Upadacitinib
- Tacrolimus
- Pimecrolimus

A2 Please see below- note that the information is for usage only, we are unable to provide for condition- section 12 and 14 exemptions as detailed above.

We are unable to provide some of the information you require in the requested format as to release this data could lead to the identification of the person(s) involved due to the low numbers involved, and would breach the Trusts obligations under Data Protection Act 2018. Accordingly, this aspect of your request is exempt from disclosure under the terms of Section 40(2) of the FOI Act. *Personal information*. However as the Trust is committed to openness and transparency we can band the numbers, see below.

This exemption is an absolute exemption and therefore no consideration of the public interest test is needed.

High Potency topical steroids	<5
Ultraviolet light therapy	0
Azathioprine	<5
Ciclosporin	10

Methotrexate	42
Mycophenolate mofetil	<5
Acitretin	13
Alitretinoin	0
Dupilumab	23
Upadacitinib	0
Tacrolimus	<5
Pimecrolimus	0

*Please note that any individuals identified do not give consent for their personal data to be processed for the purposes of direct marketing.

UHNM NHS Trust is a public sector body and governed by EU law. FOI requestors should note that any new Trust requirements over the EU threshold will be subject to these regulations and will be advertised for open competition accordingly.
